

Canadian Cross Country Ski Team | **Equipe Nationale Ski de Fond Canada**

1982

With the Winter Olympics now assured for Calgary, Alberta in 1988, the Canadian Cross Country Ski Team will be steadily increasing its efforts to achieve competitive excellence at the international level. To achieve this goal, the team will compete much more actively in Europe to experience the intensity of competition at this level — experience we believe is vital for our skiers to achieve their full potential. This year's National Team will compete in eight World Cup events in Europe as well as the World Championships in Oslo, Norway.

In North America, the team will concentrate on the Nor-Am Series which provides our racers with top level competitive opportunities against the best racers from the U.S. as well as divisional skiers. The team also expects great results from Doug Gudwer and Reino Keski-Salmi, our representatives in the Great American Ski Chase — North America's most prestigious marathon circuit.

The two V's of Victory & Visibility are the expressed goals of the team, toward which Head Coach, Marty Hall and National Team Co-ordinator, John Huff will be striving in the coming months. With the continued support of National Suppliers, Sponsors, Volunteers, Office Staff and Media and the continued dedication and commitment of our skiers at all levels, we expect to move steadily toward our goal of medal winning potential for the Calgary Olympics in 1988.

Maintenant qu'il est sûr que les Jeux olympiques d'hiver auront lieu à Calgary (Alberta) en 1988, l'équipe canadienne de ski de fond entend décupler ses efforts pour atteindre le plus haut

niveau d'excellence. L'équipe participera donc plus souvent à des compétitions en Europe, justement pour que ses membres puissent faire l'expérience de l'intensité de la compétition internationale. Cette expérience est essentielle si nous voulons que les skieurs de notre équipe nationale réalisent pleinement leur potentiel, de sorte qu'en 1982, ils participeront à 8 épreuves de la Coupe du monde en Europe de même qu'au Championnat mondial à Oslo, en Norvège.

En Amérique du Nord, l'équipe concentrera ses efforts sur la série Nor-Am qui fournit aux skieurs d'élite canadiens l'occasion de se mesurer entre eux et contre les meilleurs skieurs de fond des États-Unis. Mentionnons aussi que l'équipe compte beaucoup sur Doug Gudwer et Reino Keski-Salmi pour bien la représenter au Great American Ski Chase, le marathon le plus prestigieux d'Amérique du Nord.

Gagner et être reconnus sur la scène internationale: voilà les deux objectifs que se sont fixés les membres de l'équipe nationale et auxquels travailleront ces prochains mois l'entraîneur en chef Marty Hall et le coordonnateur de l'équipe John Huff. Grâce non seulement aux efforts de nos skieurs, mais aussi à l'appui de nos fournisseurs nationaux, des commanditaires, des bénévoles, du personnel du bureau national et des médias d'information, nous pourrions sûrement atteindre notre but, soit de gagner des médailles en 1988, aux Olympiques de Calgary.

1981-82 WORLD CUP SCHEDULE

WOMEN		MEN	
Jan. 8-10	Klingenthal, East Germany	Jan. 9-10	Reit Im Winkl, West Germany
