

SKILLS DEVELOPMENT PROGRAM COMMITTEE

TERMS OF REFERENCE / MANDATE

1. Introduction

Cross Country Ski de fond Canada (CCC) has developed a modern, state-of-the-art progression of skill development programs for children. This program conforms to the Canadian Long-term Athlete Development model and provides a vertically integrated continuum of development opportunities for children in the first stages of skier development. As such, the Chief Executive Officer (the “CEO”) forms the Skills Development Program Committee (the “Committee”) as an operational committee of CCC.

2. Purpose

The Committee supports the Director of Coach and Athlete Development in the development and successful operation of a system to promote athlete development (able-bodied and para-nordic) from the Active Start to the end of Learning to Train (L2T) stages of development.

3. Accountability

The Committee reports to the CEO through the Director of Coach and Athlete Development. The Committee does not have authority to make decisions on behalf of the CEO or to bind CCC in any way, unless specifically authorized to do so by the CEO.

4. Mandate

Guided by the Director of Coach and Athlete Development, the Committee shall contribute expertise, human resource capacity, and regional perspectives in developing recommendations for the development and successful operation of the skills development programs. Skills development programs will be fully aligned with CCC’s Long-Term Athlete Development (“LTAD”) model, “A Sport for Life,” and will facilitate the optimal development of Canadian skiers, with the ultimate goal of enabling them to achieve international excellence.

Generally, the Committee will actively contribute to the development and refinement of principles, concepts and strategies that will form a platform of best practices to strengthen and create benchmarks for success in skill development programs. The Committee will:
