<b>Program Overview</b>	<p>The Alberta World Cup Academy (AWCA) is a vibrant, inclusive Training Centre that offers high-quality programming, in a cost effective manner. We are partners with Cross Country Canada, Cross Country Alberta, and the high performance ski community in Canada. We are nationally and internationally recognized as leaders in athlete development, capitalizing on high quality human resources, which are the cornerstone of our success. We provide opportunities to those athletes and coaches who show the aptitude to become internationally successful, and have a strong drive and desire to represent Canada internationally. In the main Academy Team, our coach to athlete ratio is maintained at 8:1, which enables us to provide a holistic approach where the needs and interests of the athletes can be addressed individually.</p> <p><a href="http://www.albertaworldcup.com">www.albertaworldcup.com</a></p>
